2015 Year End Summary Report

Summary of Awards and Payments to Disadvantaged, Minority and Women-Owned Vendors, Contractors and Consultants
April 2016

Dear Business Community:

On behalf of the Office of Business Development & Equal Opportunity (OBD&EO), I am pleased to present our 2015 Summary of Awards and Dollars Paid to Disadvantaged, Minority, Women, and Veteran-Owned Businesses. This report summarizes awards made to minority, women, disadvantaged and veteran-owned business enterprises (M/W/DBE and VOBs), and tracks the actual dollars paid to M/W/DBE and VOBs in 2015.

Since 1994, the year the Authority first implemented its nondiscrimination programs, we have paid more than $307 million to certified M/W/DBEs and VOBs. This progress would not be possible without the steadfast commitment and support of our partners in the Engineering Division, Purchasing and Contract Administration Departments.

Last year, we hosted two significant outreach events that focused on “how to” do business with the Authority. Each event was very well attended and the feedback we received from participants was overwhelmingly positive. Please be sure to check out the special photo spread midway through this Report. Finally, in December 2015, the Philadelphia Chapter of WTS, an international organization with more than 5,000 members dedicated to building the future of transportation through the global advancement of women, honored DRPA with its prestigious “Diversity Award”. CEO John T. Hanson and I were honored to accept the award on behalf of the DRPA.

In closing, on behalf of the Office of Business Development & Equal Opportunity, I want to thank our Board of Commissioners, led by Chairman Ryan N. Boyer and Vice Chairman Jeffrey L. Nash, for their commitment to the continued success of this Office, our mission, the programs we administer, and our outreach efforts.

For information about upcoming contract and procurement opportunities at the Authority please visit our website at www.drpa.org/obdeo or call our office at (856) 968-2270. Be sure to enroll in our Instant E-Alert Notification Program and also register to receive our quarterly newsletter, News Alert. We look forward to hearing from you.

Sincerely,

Toni P. Brown  
Chief Administrative Officer
Our Commitment
to our
Disadvantaged
Business Program
The Delaware River Port Authority ("DRPA" or "the Authority") opposes unlawful discrimination of any kind. The DRPA is an Equal Employment Opportunity Employer/Contractor, and is firmly committed to providing equal employment and business opportunities for all persons.

The DRPA receives federal financial assistance from the Department of Transportation, Federal Transit Administration (FTA), and as a condition of receiving this assistance, the Delaware River Port Authority has signed an assurance that it will comply with 49 CFR Part 26. Accordingly, the DRPA has established a Disadvantaged Business Enterprise (DBE) program in accordance with regulations of the U.S. Department of Transportation (DOT), 49 CFR Part 26. Our DBE program is narrowly tailored in accordance with applicable law.

On February 28, 2012, pursuant to the Final Rule set forth in Federal Register [76 FR 5083 — Disadvantaged Business Enterprise: Program Improvement], DRPA submitted an amendment to its DBE Program, entitled SBE Participation Element to the Federal Transit Administration. The FTA approved the DRPA's proposed SBE Participation Element on September 17, 2012, finding that the Authority's SBE Participation Element meets the requirements set forth in the DBE regulations.

Toni P. Brown, Chief Administrative Officer at the Delaware River Port Authority, serves as the Disadvantaged Business Enterprise Liaison Officer (DBELO) for the Delaware River Port Authority. As the DBELO, Ms. Brown is responsible for implementing all aspects of the Authority’s DBE program. Ms. Brown is supported in this effort by full time staff in the Office of Business Development and Equal Opportunity. Implementation of the DBE program is accorded the same priority as compliance with all other legal obligations incurred by the DRPA in its financial assistance agreements with the federal DOT.

This policy statement has been disseminated to the Board of Commissioners and appropriate departments throughout our agency. We include the statement in bid and proposal documents, and also distribute copies of same to bidders and proposers at all pre-bid/pre-proposal meetings for FTA-assisted projects. The statement is published in our quarterly newsletter, and can also be found on our website. Information about our DBE program may also be obtained by contacting the Delaware River Port Authority’s Office of Business Development & Equal Opportunity at (856) 968-2270 or (215) 218-3750, extension 2270, or at www.drpa.org/obdeo.

Summary of 2015 General Engineering Contract (GEC) Awards to Minority, Woman and Disadvantaged Business
General Engineering Contracts

The Delaware River Port Authority Capital Program includes a variety of needs involving diverse engineering disciplines. Staff time and expertise are not always available to handle the number and variety of projects requiring attention. In order to supplement in-house engineering staff, the Engineering Department retains general consulting services in multiple areas: civil and structural engineering, construction monitoring and inspection, electrical and mechanical engineering, environmental and geotechnical engineering, and traffic and transportation engineering. The general engineering consulting services agreements allow the Authority to accomplish engineering work to advance our capital program. Work assigned under these agreements is on a Task Order basis and involve relatively small projects and short-duration activities. These approved consulting services are required to give the same consideration to the Authority’s MBE / WBE program.

On February 15, 2015 the Board of Commissioners approved the following 32 firms to act as GEC consultants in the five disciplines.

DRPA’s Special Engineer & Contractor Outreach Event

November 12, 2015

One Port Center, 2 Riverside Drive, Camden: Board Room

Photo above on right (third to the right): DRPA Chief Engineer Mike Venuto answers questions from attendees about upcoming engineering projects.

Photo above on left: DRPA CEO & PATCO President John T. Hanson speaks on the Authority’s commitment to stewardship, service and community.

Pictured above left to right: Erin Watterson, EEO Specialist and Amy Ash, Contract Administrator, participate in break-out sessions with attendees to answer specific questions at the event.
This award acknowledges the efforts of DRPA and PATCO to expand its contracting and vendor pool to reflect and embrace diversity. With the support of the Diversity & Inclusion Subcommittee of the Board, under the direction of the Board, Chief Administrative Officer Toni P. Brown and the Authority’s Office of Business Development & Equal Opportunity (OBD&EO), the DRPA has paid more than $300 million to certified M/W/DBR and veteran-owned businesses since 1994.
The 2015 WTS Philadelphia “Diversity Award” “honors an individual or organization that has made significant contributions in promoting diversity and cultural awareness within their organization, the transportation industry, or in a project or activity that supports the goals and mission of WTS”. Successful nominees must, among other things, show how the nominee “exhibits extraordinary efforts or initiatives in facilitating professional opportunities for women and minorities”.

Year 2015
Summary of Purchases Awarded to Minority and Women-Owned Vendors
STOREROOM INDEX FOR THE
DELAWARE RIVER PORT AUTHORITY (DRPA)

In the pages following this index you will find a list of minority, woman, and veteran owned businesses that supplied some commodity or service to the DRPA during fiscal year 2014. Next to each vendor’s name we have noted the “category” of supplies that the vendor provided along with the dollar value of same. We have developed this index to help you better understand what types of items are included in the broad categories recorded next to each vendor’s name. We hope this additional information will provide you with a better sense of the types of commodities the DRPA solicits throughout the year, enabling you to better market your firm’s products to our Purchasing Department.

Office Supplies- This category includes, but is not limited to the following items: computer supplies, correcting and duplicating supplies, envelopes.

Safety Supplies- This category includes, but is not limited to the following items: body protective items (i.e., earmuffs, gloves, and safety vests), first aid kits, miscellaneous safety supplies (i.e., fire extinguisher cartridges, safety walk tape), traffic aids and vehicle safety (i.e., flares, flags, and traffic cones).

**MISSION STATEMENT**
As stewards of public assets, we provide for the safe and efficient operation of transportation services and facilities in a manner that creates value for the public we serve.

**VISION STATEMENT**
Together we are world-class stewards of public transportation assets. Working collaboratively across all business units, we operate, maintain, improve and protect transportation infrastructure for the benefit of the citizens we serve throughout the Greater Philadelphia Region. We are committed to building credibility, earning public trust and creating public value.

**OBD&EO VISION STATEMENT**
We are a group of committed individuals dedicated to pursuing equal employment and contracting opportunities for everyone.
