The DRPA is an Equal Employment Opportunity Employer
Dear Business Community:

On behalf of the Office of Business Development & Equal Opportunity (OBD&EO), I am pleased to provide you with this 2017 Summary of Awards and Dollars Paid to Disadvantaged, Minority, Women and Veteran-owned Businesses. Through this Report, we reaffirm the Authority’s commitment to transparency and authentic communication.

Since 1994, the year the Authority implemented its nondiscrimination programs, we have paid more than $338 million to certified M/W/DBEs and VOBs. This success would not be possible without the support of our committed partners in the Engineering Division, Purchasing and Contract Administration Departments.

Focused outreach continues to contribute to the success of our programs. In 2017, some of our efforts to share information and otherwise connect with members of the community included:

- Publishing News Alert, a quarterly newsletter, which is disseminated to more than 1,000 individuals;
- Sending numerous e-alerts to more than 1,000 subscribers to notify them about upcoming contract and purchasing opportunities, all of which are also posted on the Authority’s website at www.drpa.org;
- Representing DRPA/PATCO at various business expos and other events in the region with the goal of educating the public about contract opportunities and how to do business with DRPA and PATCO; and
- Serving on a number of educational panels, including, but not limited to, ‘The State of Black New Jersey 2017 Conference’, a ‘MinorityEnterprise Development (MED) Week’ event sponsored by City Councilwoman at-Large Blondell Reynolds Brown, and ‘Ready. Set. Mentor Women’s Leadership Mentor Event’ a women’s leadership initiative sponsored by United Way.

In addition, in 2017, for the first time, OBD&EO partnered with the Authority’s Legal Division to host the 1st Diversity Outreach Event for Legal Services. The event was well attended, and attendees received copies of the publicly advertised RFP and were invited to submit proposals for consideration.

We thank the Board of Commissioners, led by Chairman Ryan N. Boyer and Vice Chairman Jeffrey L. Nash, and Chief Executive Officer John T. Hanson for their steadfast commitment to fairness and equity, diversity and inclusion, the principles of equal contracting and employment opportunities for all.

For additional information about our programs please visit our website at www.drpa.org/obdeo or call our office at (856) 968-2270. We look forward to hearing from you.

Sincerely,

Toni P. Brown

Policy Statements
Disadvantaged Business Enterprise (DBE) Program
Delaware River Port Authority
Policy Statement - 2018
(26.1, 26.23)

The Delaware River Port Authority ("DRPA" or "the Authority") opposes unlawful discrimination of any kind. The DRPA is an Equal Employment Opportunity Employer/Contractor, and is firmly committed to providing equal employment and business opportunities for all persons.

The DRPA receives federal financial assistance from the Department of Transportation, Federal Transit Administration (FTA), and as a condition of receiving this assistance, the Delaware River Port Authority has signed an assurance that it will comply with 49 CFR Part 26. Accordingly, the DRPA has established a Disadvantaged Business Enterprise (DBE) program in accordance with regulations of the U.S. Department of Transportation (DOT), 49 CFR Part 26. Our DBE program is narrowly tailored in accordance with applicable law.

On February 28, 2012, pursuant to the Final Rule set forth in Federal Register [76 FR 5083 — Disadvantaged Business Enterprise: Program Improvement], DRPA submitted an amendment to its DBE Program, entitled SBE Participation Element to the Federal Transit Administration. The FTA approved the DRPA's proposed SBE Participation Element on September 17, 2012, finding that the Authority's SBE Participation Element meets the requirements set forth in the DBE regulations.

Toni P. Brown, Chief Administrative Officer at the Delaware River Port Authority, serves as the Disadvantaged Business Enterprise Liaison Officer (DBELO) for the Delaware River Port Authority. As the DBELO, Ms. Brown is responsible for implementing all aspects of the Authority’s DBE program. Ms. Brown is supported in this effort by full time staff in the Office of Business Development and Equal Opportunity. Implementation of the DBE program is accorded the same priority as compliance with all other legal obligations incurred by the DRPA in its financial assistance agreements with the federal DOT.

This policy statement has been disseminated to the Board of Commissioners and appropriate departments throughout our agency. We include the statement in bid and proposal documents, and also distribute copies of same to bidders and proposers at all pre-bid/pre-proposal meetings for FTA-assisted projects. The statement is published in our quarterly newsletter, sent via instant e-alert to subscribers and can also be found on our website. Information about our DBE program may also be obtained by contacting the Delaware River Port Authority's Office of Business Development & Equal Opportunity at (856) 968-2270 or (215) 218-3750, extension 2270, or at www.drpa.org/obdeo.

Re: DBE Goal for FFYs 2017-2019, Concurrence

Dear Ms. Brown:

This letter is to inform you that we received the Delaware River Port Authority’s (DRPA) Disadvantaged Business Enterprise (DBE) revised goal on February 21, 2017 for Federal fiscal years 2017-2019 and is effective October 1, 2016 through September 30, 2019. This submission is required pursuant to the Department of Transportation DBE regulations found at 49 C.F.R. Part 26.45.

We have reviewed your goal, including a review of the methodology and public participation requirements, and determined that it meets the requirements set out in the DOT’s DBE regulations. FTA is concurring on your DBE goal of 11% with a RN/RC split of 2.0% and 9.0%, respectively. The DBE goal status in FTA’s Transit Award Management System (TrAMS) has been updated to reflect this concurrence. Your next DBE goal is due August 1, 2019.

If you have any questions regarding this concurrence, please do not hesitate to contact me directly at (215) 656-7121 or via email (Lynn.Bailey@dot.gov).

Sincerely,

Lynn A. Bailey

Equal Employment Opportunity (EEO) Program
TO: All Authority Employees
FROM: John T. Hanson, Chief Executive Officer, DRPA
President, PATCO
SUBJECT: Equal Employment Opportunity (EEO) Policy Statement
DATE: January 3, 2018

The Delaware River Port Authority and the Port Authority Transit Corporation (collectively, “the Authority”) have a strong commitment to our employees and the community we serve. As an Equal Employment Opportunity Employer, we strive to have a workforce that reflects the community we serve. It has been the longstanding commitment of the Authority to ensure that employees and others working at or visiting our facilities are treated in a dignified, respectful and non-offensive manner. The Authority strives to provide a work environment that is inclusive and welcoming to all and free from harassment in any form. We believe that equal employment opportunity and nondiscrimination support the achievement of the Authority’s mission, vision, shared values and goals. We reaffirm this pledge of fair and equal opportunity and look forward to your continued support of this important policy.

As the Chief Executive Officer of DRPA and President of PATCO, I maintain overall responsibility and accountability for the Authority’s compliance with its EEO Policy and Program. To ensure day-to-day management, including program preparation, monitoring, and complaint investigation, I have appointed Toni P. Brown, Chief Administrative Officer as the Authority’s EEO Officer. Ms. Brown reports directly to me and acts with my authority with all levels of management, labor unions, and employees.

In addition, all Authority executives, management, and supervisory personnel share in the responsibility for implementing and monitoring the Authority’s EEO Policy and Program within their respective areas and will be assigned specific tasks to ensure compliance is achieved. The Authority will evaluate the performance of its managers and supervisors on their successful implementation of the Authority’s policies and procedures, in the same way the Authority assesses their performance regarding other Authority goals.

As you may know, on May 20, 2015, the Board, under the leadership of Chairman Ryan N. Boyer and Vice-Chairman Jeffery L. Nash, established a Diversity and Inclusion Subcommittee to reaffirm the Authority’s solid support for equal employment and contracting opportunities for all. In 2017, in keeping the Authority’s commitment to equal opportunity, all employees were trained by Mary M. Tierman, Program Analyst from the Equal Employment Opportunity’s (EEOC) Philadelphia District Office in 2017.

The Authority’s equal opportunity and nondiscrimination programs, include policies, practices and procedures on EEO, sex harassment, harassment not related to sex, and the Americans with Disabilities Act, practices and procedures. The Authority actively promotes these policies and complies with applicable governmental laws and regulations. We will continue to recruit, hire, upgrade, train and promote, transfer, demote, layoff, terminate, determine rates of pay and other forms of compensation, and treat employees in all job titles without regard to race, color, religion, sex (including gender identity,
sexual orientation, and pregnancy), national origin, age, veteran status, genetic information, disability or other protected group characteristic. We remain committed to taking affirmative steps to identify problem areas, and developing strategies to ensure equal employment opportunities for all qualified individuals.

Retaliation against an individual who files a charge or complaint of discrimination, participates in an employment discrimination proceeding (such as an investigation or lawsuit), or otherwise engages in protected activity is strictly prohibited and will not be tolerated. The Authority is also committed to providing reasonable accommodations to applicants and employees who need them because of a disability or to practice or observe their religion, absent undue hardship to the Authority.

For more information about the Authority’s EEO and nondiscrimination programs, please contact Ms. Brown by telephone at (856) 928-2270 or by email at tpbrown@drpa.org. Authority employees and applicants for employment may report any concerns regarding matters covered by the EEO Policy or file a charge or complaint of discrimination with Toni P. Brown at (856) 968-2270 or Raymond Santarelli, General Counsel, at (856) 968-2407. Ms. Brown and Mr. Santarelli both have offices at One Port Center.

I am personally committed to a workplace that acts upon its daily responsibility to treat all employees and applicants for employment with dignity and respect, as well as equitably under the guidelines of our EEO Policy and Program.

Year 2017
Summary of
General Engineering
Consulting (GEC)
Awards to Minority
and Woman-Owned
Businesses
The Delaware River Port Authority Capital Program includes a variety of needs involving diverse engineering disciplines. Staff time and expertise are not always available to handle the number and variety of projects requiring attention. In order to supplement in-house engineering staff, the Engineering Department retains general consulting services in multiple areas: civil and structural engineering, construction monitoring and inspection, electrical and mechanical engineering, environmental and geotechnical engineering, and traffic and transportation engineering. The general engineering consulting services agreements allow the Authority to accomplish engineering work to advance our capital program. Work assigned under these agreements is on a Task Order basis and involve relatively small projects and short-duration activities. These approved consulting services are required to give the same consideration to the Authority’s MBE / WBE program.

**NOTE 1:** The amount will be $10 million over the term of three (3) years plus the option in favor of DRPA for one (1) additional year.

**NOTE 2:** These approvals are effective as of November 15, 2017 – Board Action
The DRPA Office of Business Development & Equal Opportunity (OBD&EO), the Engineering Division and the Purchasing Department hosted two (2) special networking and outreach events with separate morning and afternoon sessions geared to two different audiences.

The **morning session focused on contractors and engineering consultants.** DRPA welcomed 20+ vendors to this special event that offered attendees the chance to do an “elevator pitch” about their services, then network and “build a bridge’ between firms that have done significant business with the DRPA in the last five (5) years. Chief Administrative Officer Toni P. Brown, shown below, welcomed attendees to the event.

The **afternoon session welcomed professional service consultants** who had the opportunity to present their firms directly to Purchasing Specialists and Contract Administrators for the Authority. Modeled after the morning session, attending firms had the opportunity to do an “elevator pitch” about their services and meet directly with the staff from the Authority who do the purchasing.

The OBD&EO, with support from the Engineering Division, Purchasing and Contract Administration departments, hosted two special outreach events geared to two different audiences. The morning session focused on construction and engineering-related projects by sharing information about the DRPA and PATCO **Capital Program**. During the afternoon session, attendees learned about the procurement process and previewed upcoming contracts and procurement opportunities.

DRPA Staff Attended a DBE Expo hosted by the Women’s Transportation Seminar (WTS) in Philadelphia, PA on June 7, 2017.

DRPA was represented at the WTS first ever DBE Expo in Philadelphia, PA. Staff met with DBE firms to share information on how to do business with the Authority. The event welcomed approximately 100 area businesses interested in building business relationships with local transit agencies. Others in attendance included SEPTA, The City of Philadelphia, the Delaware Valley Regional Planning Commission and The Delaware River Joint Toll Bridge Commission. This event aligns with the Authority Shared Values of “Collaboration”, “Diversity & Inclusion” and “Authentic Communication”.

Women’s Business Enterprise Council (WBEC) Awards Luncheon
Union League, Philadelphia, PA
September 15, 2017

DRPA was a finalist for the WBE “Done Deals Award”

The WBE ‘Done Deals Award’ acknowledges the success of women business enterprises through efforts in spending with WBENC certified WBEs in the Council region from January 1, 2016—December 31, 2017. With the support of the Diversity & Inclusion Subcommittee of the Board, under the direction of the Board, Chief Administrative Officer Toni P. Brown and the Authority’s Office of Business Development & Equal Opportunity (OBD&EO), Purchasing and Engineering Departments, DRPA/PATCO has spent $1,318,210 with WBENC Certified WBEs in the region during the above time frame. While DRPA did not win the ‘Done Deals Award, we are proud of our efforts in support of equal opportunity in contracting and purchasing.

MISSION STATEMENT
As stewards of public assets, we provide for the safe and efficient operation of transportation services and facilities in a manner that creates value for the public we serve.

VISION STATEMENT
Together we are world-class stewards of public transportation assets. Working collaboratively across all business units, we operate, maintain, improve and protect transportation infrastructure for the benefit of the citizens we serve throughout the Greater Philadelphia Region. We are committed to building credibility, earning public trust and creating public value.

OBD&EO VISION STATEMENT
We are a group of committed individuals dedicated to pursuing equal employment and contracting opportunities for everyone.
