2019
YEAR END SUMMARY REPORT
THE OFFICE OF BUSINESS DEVELOPMENT & EQUAL OPPORTUNITY

SUMMARY OF AWARDS AND PAYMENTS TO DISADVANTAGED, MINORITY AND WOMEN-OWNED VENDORS, CONTRACTORS AND CONSULTANTS.
May 2020

Dear Commissioners, Colleagues and Members of the Business Community:

On behalf of the Office of Business Development & Equal Opportunity (OBD&EO), I am pleased to provide you with this 2019 Summary of Awards and Dollars Paid to Disadvantaged, Minority, Women and Veteran-owned Businesses. Through this Report, we reaffirm the Authority’s commitment to diversity, inclusion, transparency and authentic communication.

This year, we are celebrating the 25th anniversary of the OBD&EO and the Authority’s non-discrimination programs. Since 1994, the year the Authority first implemented its non-discrimination programs, we have paid more than $360 million to certified M/W/DBEs and VOBs. This success would not be possible without the support of our committed partners in the Engineering Division, Purchasing and Contract Administration Departments.

In September 2019, the DRPA was honored to accept the Women’s Business Enterprise Council (WBEC-East) Partner of the Year Award. The award is presented to a member who has demonstrated “[a] commitment to opening the doors of economic opportunity for women business enterprises.”

Focused outreach continues to be the cornerstone of the success of our programs. In 2019, some of our efforts to connect with members of the community included:

- Publishing News Alert, a quarterly newsletter, which is disseminated to more than 1,000 individuals;
- Sending numerous e-alerts to more than 1,700 subscribers to notify them about upcoming contract and procurement opportunities, all of which are also posted on the Authority’s website at www.drpa.org;
- Representing DRPA/PATCO at various business expos, including a January 17, 2019 ‘Purchasing Card Vendor Expo’ at the Benjamin Franklin Bridge Administration Building attended by seven (7) MBE/WBE/SBE vendors and over 100 DRPA and PATCO employees with p-card access;
- As of April 29, 2019, Ariba is our primary solution for all vendor management and public bidding activities. On July 19, 2019, we partnered with the Purchasing and Contract Administration Departments to provide Ariba training for current and potential vendors including MBE/WBE/SBE businesses; and
- OBD&EO staff attended other events in the region with the goal of educating the public about contract opportunities and how to do business with DRPA and PATCO.

Another significant accomplishment in 2019 included the planning and coordination of the Authority’s Disadvantaged Business Enterprise (DBE) Goal-Setting Methodology which included three Community Consultative Roundtables. As a recipient of funding from the U.S. Department of Transportation, every three (3) years, on or before August 1, we are required to submit a comprehensive Goal-Setting Methodology document to the Federal Transit Administration (FTA) for review and concurrence. I am pleased to report that we submitted our Goal-Setting Methodology document on July 22, 2019, well ahead of schedule, and, on August 5, 2019, received word from the FTA that they concurred with our methodology. Our new DBE goal will remain in effect for three (3) years, until 2022.
In closing, on behalf of the team, I thank the Board of Commissioners, led by Chairman Ryan N. Boyer and Vice Chairman Jeffrey L. Nash, and Chief Executive Officer John T. Hanson for their steadfast commitment to diversity and inclusion and the success of the Authority’s non-discrimination programs.

Year 2019 Policy Statements
Disadvantaged Business Enterprise (DBE) Program
The Delaware River Port Authority (“DRPA” or "the Authority") opposes unlawful discrimination of any kind. The DRPA is an Equal Employment Opportunity Employer/Contractor and is firmly committed to providing equal employment and business opportunities for all persons.

The DRPA receives federal financial assistance from the Department of Transportation, Federal Transit Administration (FTA), and as a condition of receiving this assistance, the Delaware River Port Authority has signed an assurance that it will comply with 49 CFR Part 26. Accordingly, the DRPA has established a Disadvantaged Business Enterprise (DBE) program in accordance with regulations of the U.S. Department of Transportation (DOT), 49 CFR Part 26. Our DBE program is narrowly tailored in accordance with applicable law.

On February 28, 2012, pursuant to the Final Rule set forth in Federal Register [76 FR 5083 - Disadvantaged Business Enterprise: Program Improvement], DRPA submitted an amendment to its DBE Program, entitled SBE Participation Element to the Federal Transit Administration. The FTA approved the DRPA’s proposed SBE Participation Element on September 17, 2012, finding that the Authority's SBE Participation Element meets the requirements set forth in the DBE regulations.

Toni P. Brown, Chief Administrative Officer at the Delaware River Port Authority, serves as the Disadvantaged Business Enterprise Liaison Officer (DBELO) for the Delaware River Port Authority. As the DBELO, Ms. Brown is responsible for implementing all aspects of the Authority’s DBE program. Ms. Brown is supported in this effort by full time staff in the Office of Business Development and Equal Opportunity. Implementation of the DBE program is accorded the same priority as compliance with all other legal obligations incurred by the DRPA in its financial assistance agreements with the federal DOT. As further evidence of our continued commitment to upholding regulations set forth by the FTA, the DRPA proposed an overall DBE goal of 13% (race-conscious and race-neutral split of 12% and 1%, respectively). We received FTA concurrence of our FFY 2020-2022 DBE goal methodology on August 5, 2019.

This policy statement has been disseminated to the Board of Commissioners and appropriate departments throughout our agency. We include the statement in bid and proposal documents, and also distribute copies of same to bidders and proposers at all pre-bid/pre-proposal meetings for FTA-assisted projects. The statement is published in our quarterly newsletter, sent via instant e-alert to subscribers and can also be found on our website. Information about our DBE program may also be obtained by contacting the Delaware River Port Authority’s Office of Business Development & Equal Opportunity at (856) 968-2270 or (215) 218-3750, extension 2270, or at www.drpa.org/obdeo.

President – PATCO
Equal Employment Opportunity (EEO) Program
TO: All Authority Employees
FROM: John T. Hanson, Chief Executive Officer, DRPA
        President, PATCO
SUBJECT: Equal Employment Opportunity (EEO) Policy Statement
DATE: January 2, 2020

The Delaware River Port Authority and the Port Authority Transit Corporation (collectively, “the Authority”) have a strong commitment to our employees and the community we serve. As an Equal Employment Opportunity Employer, we strive to have a workforce that reflects the community we serve. It has been the longstanding commitment of the Authority to ensure that employees and others working at or visiting our facilities are treated in a dignified, respectful and non–offensive manner. The Authority strives to provide a work environment that is inclusive and welcoming to all and free from harassment in any form. We believe that equal employment opportunity and nondiscrimination support the achievement of the Authority’s mission, vision, shared values and goals. We reaffirm this pledge of fair and equal opportunity and look forward to your continued support of this important policy.

As the Chief Executive Officer of DRPA and President of PATCO, I maintain overall responsibility and accountability for the Authority’s compliance with its EEO Policy and Program. To ensure day-to-day management, including program preparation, monitoring, and complaint investigation, I have appointed Toni P. Brown, Chief Administrative Officer as the Authority’s EEO Officer. Ms. Brown reports directly to me and acts with my authority with all levels of management, labor unions, and employees.

In addition, all Authority executives, management, and supervisory personnel share in the responsibility for implementing and monitoring the Authority’s EEO Policy and Program within their respective areas and will be assigned specific tasks to ensure compliance is achieved. The Authority will evaluate the performance of its managers and supervisors on their successful implementation of the Authority’s policies and procedures, in the same way the Authority assesses their performance regarding other Authority goals.

As you may know, on May 20, 2015, the Board, under the leadership of Chairman Ryan N. Boyer and Vice-Chairman Jeffery L. Nash, established a Diversity and Inclusion Subcommittee to reaffirm the Authority’s solid support for equal employment and contracting opportunities for all.

It has been the longstanding practice of the Authority to provide formal EEO training for all employees every two (2) years. Attendance at the training is mandatory. In 2019, in keeping with the Authority’s commitment to equal opportunity, all employees were trained by Mary M. Tiernan, Program Analyst from the Equal Employment Opportunity’s (EEOC) Philadelphia District Office.
The Authority’s equal opportunity and nondiscrimination programs include policies, practices and procedures on EEO, sex harassment, harassment not related to sex, and the Americans with Disabilities Act, practices and procedures. The Authority actively promotes these policies and complies with applicable governmental laws and regulations. We will continue to recruit, hire, upgrade, train and promote, transfer, demote, layoff, terminate, determine rates of pay and other forms of compensation, and treat employees in all job titles without regard to race, color, religion, sex (including gender identity, sexual orientation, and pregnancy), national origin, age, veteran status, genetic information, disability or other protected group characteristic. We remain committed to taking affirmative steps to identify problem areas and developing strategies to ensure equal employment opportunities for all qualified individuals.

Retaliation against an individual who files a charge or complaint of discrimination, participates in an employment discrimination proceeding (such as an investigation or lawsuit), or otherwise engages in protected activity is strictly prohibited and will not be tolerated. The Authority is also committed to providing reasonable accommodations to applicants and employees who need them because of a disability or to practice or observe their religion, absent undue hardship to the Authority.

For more information about the Authority’s EEO and nondiscrimination programs, please contact Ms. Brown by telephone at (856) 928-2270 or by email at tpbrown@drpa.org. Authority employees may report any concerns regarding matters covered by the EEO Policy or file a charge or complaint of discrimination with Toni P. Brown at (856) 968-2270 or Raymond Santarelli, General Counsel, at (856) 968-2407. Ms. Brown and Mr. Santarelli both have offices at One Port Center. Applicants for employment may report any concerns over matters covered by EEO policy or file a complaint of improper behavior or possible discrimination by email to EEOOfficer@drpa.org.

I am personally committed to a workplace that acts upon its daily responsibility to treat all employees and applicants for employment with dignity and respect, as well as equitably under the guidelines of our EEO Policy and Program.

Year 2019
Summary of General Engineering Contracts (GEC) Awards to Minority and Women-Owned Businesses
General Engineering Contracts

The Delaware River Port Authority Capital Program includes a variety of needs involving diverse engineering disciplines. Staff time and expertise are not always available to handle the number and variety of projects requiring attention. In order to supplement in-house engineering staff, the Engineering Department retains general consulting services in multiple areas: civil and structural engineering, construction monitoring and inspection, electrical and mechanical engineering, environmental and geotechnical engineering, and traffic and transportation engineering. The general engineering consulting services agreements allow the Authority to accomplish engineering work to advance our capital program. Work assigned under these agreements is on a Task Order basis and involve relatively small projects and short-duration activities. These approved consulting services are required to give the same consideration to the Authority’s MBE / WBE program.
The firms listed below have been approved by the DRPA Board of Commissioners to provide general engineering consulting services to the DRPA during 2018 – 2020. Those firms with a (*) next to their name are certified minority- owned, women-owned, disadvantaged and small businesses.

This was the first outreach event of 2019 hosted by The Office of Business Development & Equal Opportunity (OBD&EO) with collaboration from Bridge Operations. The P-Card Expo gave the vendors an opportunity to meet with employees from the Ben Franklin and Betsy Ross Bridges who have access to Purchasing Cards.

Over 100 employees attended the expo.
On Thursday, September 26, 2019 the DRPA was presented with the 8674 Partner of the Year Award from the Women’s Business Enterprise Council East (WBEC East) in Philadelphia, PA.

The Partner of the Year Award is presented to a corporate or government member who has been instrumental in WBEC East’s successful achievement of their annual goals and “in recognition of your commitment to opening the doors of economic opportunity for women business enterprises.”

Since 1994, the DRPA has had in place progressive policies and programs that have served to level the playing field for all companies interested in doing business with us. Our efforts to support women-owned businesses are rooted generally in the Authority's shared value of "Diversity & Inclusion." That shared value encourages us to actively seek to make new connections with members of the diverse community we serve.
This award would not be possible without the commitment of our Board, the steadfast commitment shown by the leadership of our executive and senior management team, and buy-in from employees who understand and appreciate the value of doing business with a diverse group of vendors.
On April 10, 2019, three community consultative roundtables were held at 10:00 a.m., 2:00 p.m. and 7:00 p.m. at our headquarters building. Staff attendees included John T. Hanson, Chief Executive Officer, Toni P. Brown, Chief Administrative Officer and Disadvantaged Business Enterprise Liaison Officer (DBELO), Michael Venuto, Chief Engineer, Erin Watterson, EEO Specialist and Ronald Kelly, Compliance. Support from Ann DuVall and Thaddeus Abbott III, Office of the CAO.
The Delaware River Port Authority (DRPA) receives federal financial assistance from the Department of Transportation, Federal Transit Administration (FTA) for certain transit-related projects. As a condition of receiving this assistance, the DRPA has signed an assurance that it will comply with 49 CFR Part 26. As a recipient of FTA-funding, DRPA is required to establish a Disadvantaged Business Enterprise (DBE) program that is narrowly-tailored and fully-compliant with federal regulations.

Every three (3) years the DRPA is required to calculate the percentage of work that we expect will likely be part of FTA-funded construction contracts. We are also required to make a reasonable effort to determine the availability of ready, willing and able DBEs in New Jersey and Pennsylvania. Part of the calculation process includes a conversation with area business organizations and DBE businesses that can speak to the availability of DBEs in the area. These meetings help us set the most appropriate overall DBE goal for the upcoming years.

On August 5, 2019, the DRPA received concurrence from the FTA on the proposed goal methodology for federal fiscal years 2020-2022.

Attendees were welcomed by CEO John T. Hanson and presented with an overview of the Authority’s non discrimination programs, specifically the DBE program requirements by CAO/DBELO Toni P. Brown. Chief Engineer Michael Venuto reviewed the project details of forecasted FTA funded projects for FFY 2020-2022 and corresponding NAICS code information. Calculations were reviewed in detail by Erin Watterson with the opportunity for questions to be asked throughout the presentation. Ron Kelly closed each meeting by fielding any remaining questions.
On July 19, 2019 Ariba Training for current and potential vendors including MBE/WBE/SBE businesses was held in the Board Room at One Port Center. **Richard Mosback Jr., Director of Procurement** provided in-depth training on the new SAP Ariba Network to 30 registered attendees. As of April 29, 2019, Ariba is our primary solution for all vendor management and public bidding activities. Moving forward, in order to be considered for any contract award with the DRPA or PATCO a vendor or supplier must be registered with the Ariba Network. Attendees learned about the benefits of the new web-based e-procurement system, obtained guidance for navigating the system, and gained a better understanding of contract opportunities posted by the Contract Administration and Purchasing departments of the DRPA & PATCO.

Attendees had the opportunity to ask questions of **Amy Ash**, Manager of Contract Administration; **Siata Sherriff**, Contract Administrator; **Natasha Iocono**, Purchasing Agent; and **Rich Betts**, Manager of Procurement & Storage to help better understand how to use the program. The Office of Business Development & Equal Opportunity organized the event and plan to host additional training sessions to ensure all businesses interested in doing business with the Authority are able to make a smooth transition to the e-bidding system.
