COMMITTEE: Operations & Maintenance

COMMITTEE MEETING DATE: August 19, 2009

BOARD ACTION DATE: September 16, 2009

PROPOSAL: That the DRPA Commission authorize staff to prepare an application to the Federal Transit Administration for Sections 5307/5340 funds in the amount of $4,170,901 for PATCO capital improvements having a total planned project cost of $5,213,627. Also, that the DRPA Commission authorize the non-federal matching share which must be provided by the authority in the amount of $1,042,726 or 20% of the total.

PURPOSE: To make application to the federal government for FY09 FTA capital funds for PATCO improvements in the amount of $4,170,901. These funds must be matched by the Authority in the amount of $1,042,726.

Federal Transit Law mandates that applications be advanced in relation to adopted regional programs for transportation improvements. This application contains programs which are part of the approved Transportation Improvement Program of the Delaware Valley Regional Planning Commission for FY09.

Staff is now preparing an application which requests funding under 49 U.S.C. 5307/5340 for use in the advancement of five capital projects:

1. Purchase/Rebuild PATCO Cars
2. Public Safety Security Equipment
3. Embankment Restoration
4. Preventive Maintenance
5. Transit Enhancements

The accompanying resolution has been drawn to satisfy federal requirements concerning specific Board approvals which are necessary to the grant approval process.
