PURPOSE:  
To provide flagging services by NJT, as necessary, on certain portions of their track adjacent to PATCO, to accommodate the work of the PATCO Bridge Painting and Structural Repairs Project.

BACKGROUND:  
The Authority awarded the Construction Contact for the PATCO Bridge Painting and Structural Repairs Project to the firm of A.P. Construction, Inc. on October 6, 2010. The work of the project includes performing structural rehabilitation and painting to thirty-one (31) structures on the PATCO system. These structures are PATCO bridges over roadways and vehicle bridges over PATCO tracks. Portions of the work are in close proximity to the NJT track and require that the NJT provide flagging services.

DRPA consulted with representatives of NJT to determine the scope of work and the requirement for NJT field personnel to support the Project. NJT’s Price Proposal was evaluated by the Authority and based on this evaluation, the NJT price was determined to be fair and reasonable.
It is recommended that a services agreement be negotiated with NJT for the costs and associated fees not to exceed $150,000.00 to provide flagging services.
