SUMMARY STATEMENT

ITEM NO.: DRPA-14-011

SUBJECT: Professional Services for 2014 Biennial Inspection of the Benjamin Franklin Bridge

COMMITTEE:

Operations and Maintenance

COMMITTEE MEETING DATE:

February 12, 2014

BOARD ACTION DATE:

February 19, 2014

PROPOSAL:

That the Board authorizes staff to negotiate an agreement with Modjeski and Masters, Inc. to provide engineering services required to perform the 2014 Biennial Inspection of the Benjamin Franklin Bridge.

Amount: $520,000.00

Consultant: Modjeski and Masters, Inc.

100 Sterling Parkway
Suite 302
Mechanicsburg, PA 17050

Other Consultants: AECOM
HNTB Corporation

Engineers Estimate: $553,000.00

PURPOSE:

To provide consulting engineering services for the 2014 Biennial Inspection of the Benjamin Franklin Bridge.

BACKGROUND:

Under the Delaware River Port Authority’s (DRPA) Bond Indentures dated 1995, 1998 and 1999, the DRPA is obligated to inspect all DRPA facilities every second calendar year; the Indenture further states that an inspection report be submitted on or before October 1 of every second calendar year. In the past years, the Commissioners have authorized payment from the Revenue Fund for services rendered. The most recent biennial inspection of the Benjamin Franklin Bridge facility occurred in the Summer of 2012. In order to satisfy the Authority’s Bond Indenture and in order to assist in developing a plan for maintaining this facility, it is necessary to perform this biennial inspection of the Benjamin Franklin Bridge.

The work would include close visual “hands on” inspection of all bridge components and systems, preparation of a 2014 Biennial
Inspection Report for the Benjamin Franklin Bridge and completion of Structure Inventory and Appraisal forms and Bridge Management forms as required by the Commonwealth of Pennsylvania and State of New Jersey, respectively.

The Authority publicly advertised its intent to retain a consultant and invited interested firms to submit Statements of Qualifications. Ten (10) firms responded with Statements of Qualifications on May 16, 2013. Four (4) firms were deemed qualified and were sent a formal Request for Proposal. A review committee of four (4) staff engineers evaluated the Proposals on the basis of Technical merit.

Modjeski and Masters, Inc. was ranked as a technically qualified firm. The proposed Project Manager has previous experience with major bridge inspection projects and has been responsive on past DRPA projects. Modjeski and Masters, Inc.’s Inspection Team has many years experience inspecting bridges similar to those required for this contract. Overall, the team assembled by Modjeski and Masters, Inc., was found to possess the necessary experience and qualifications to successfully complete the project.

In accordance with the Delaware River Port Authority’s qualification based selection procedure, the Price Proposal was evaluated against the Engineer’s Estimate and that of other recommended firms. Based on this evaluation and subsequent negotiation, Modjeski and Masters, Inc.’s price was determined to be fair and reasonable.

**SUMMARY:**  
Amount: $520,000.00  
Source of Funds: Revenue Fund  
Capital Project #: N/A  
Operating Budget: N/A  
Master Plan Status: N/A  
Other Fund Sources: N/A  
Duration of Contract: 15 Months  
Other Parties Involved: N/A  
Estimated Number of Jobs Supported: 2
RESOLUTION

RESOLVED: That the Board of Commissioners of the Delaware River Port Authority accepts the Proposal of Modjeski and Masters, Inc. to provide Professional Services for 2014 Biennial Inspection of the Benjamin Franklin Bridge and that the proper officers of the Authority be and hereby are authorized to negotiate an Agreement with Modjeski and Masters, Inc. for an amount not to exceed $520,000.00 as per the attached Summary Statement; and be it further

RESOLVED: The Chairman, Vice Chairman and the Chief Executive Officer must approve and are hereby authorized to approve and execute all necessary agreements, contracts, or other documents on behalf of the DRPA. If such agreements, contracts, or other documents have been approved by the Chairman, Vice Chairman and Chief Executive Officer and if thereafter either the Chairman or Vice Chairman is absent or unavailable, the remaining Officer may execute the said document(s) on behalf of DRPA along with the Chief Executive Officer. If both the Chairman and Vice Chairman are absent or unavailable, and if it is necessary to execute the said document(s) while they are absent or unavailable, then the Chief Executive Officer shall execute such documents on behalf of DRPA.

MEMORANDUM

DELAFRE RIVER PORT AUTHORITY
of Pennsylvania & New Jersey

TO: O&M Committee Members
FROM: Michael P. Venuto, Director of Engineering/Chief Engineer
SUBJECT: Professional Services for 2014 Biennial Inspection of the Benjamin Franklin Bridge
Technical Proposal Evaluation, Findings and Recommendation Report
DATE: February 5, 2014

The Request for Qualifications (RFQs), which was posted on the Authority’s web-site, invited consultants to submit Statements of Qualifications (SOQs). Ten (10) firms submitted SOQs on May 16, 2013.

Policy 303a outlines the procedure for Request for Proposal selection of consultants by the Engineering Department. The SOQ evaluation serves as a method for developing a “short list” of firms to receive a Request for Proposal (RFP). The Review Committee evaluated the SOQ’s and recommended soliciting Technical and sealed Price Proposals from the top ranked firms: AECOM, Michael Baker Jr., Inc., HNTB Corporation and Modjeski and Masters, Inc.

The short listed firms were sent a RFP. The Technical Proposals and separate sealed Price Proposals were received on September 26, 2013 from all the firms. The Review Committee, consisting of four (4) staff engineers, reviewed and evaluated the Technical Proposals.

Modjeski and Masters, Inc. was ranked as a technically qualified firm. The proposed Project Manager has previous experience with major bridge inspection projects and has been responsive on past DRPA projects. Overall, the team assembled by Modjeski and Masters, Inc. was found to possess the necessary experience and qualifications to successfully complete the project.

The Review Committee recommended that the Price Proposal be opened and negotiations commence using other recommended firm’s Price Proposals and the Engineer’s Estimate in the amount of $553,000, as a guide. Price Proposals were opened on January 6, 2014.
Below are the Technical Proposal rankings, proposed hours and fees of these firms, along with the Engineer’s estimate of hours.

The Price Proposal from the three recommended firms were opened and the Price Proposal from, Modjeski and Masters, Inc., dated September 26, 2013 was reviewed by Engineering Department staff. It was observed to be 5% lower than the Engineer’s Estimate. Negotiations commenced which resulted in a final Price Proposal in an amount of $520,000.00. Based on the Review Committee’s findings the Price Proposal submitted by Modjeski and Masters, Inc. has been determined to be fair and reasonable and therefore the committee recommends that an Engineering Services Agreement be issued to Modjeski and Masters, Inc.

Based on a review of the Review Committee’s evaluation and supporting documentation, I concur with the recommendation to engage Modjeski and Masters, Inc. of Mechanicsburg, PA, in the amount of $520,000.00 for this Agreement.
