SUMMARY STATEMENT

ITEM NO.: DRPA-15-084  SUBJECT: Sole Source Contract for General Construction Services for Emergency Work During Papal Visit

COMMITTEE: Operations & Maintenance

COMMITTEE MEETING DATE: July 1, 2015

BOARD ACTION DATE: July 15, 2015

PROPOSAL: That the Board authorizes a sole source procurement contract with AP Construction to perform emergency repairs and restoration to DRPA properties during Papal visit, if required.

PURPOSE: To authorize a sole source procurement contract with AP Construction in the amount and time set forth herein to perform emergency repairs and restoration to DRPA properties during Papal visit, if required.

BACKGROUND: The Papal visit to the City of Philadelphia is scheduled for the weekend of September 25th through September 27th. The visit is expecting to bring in millions of visitors to the City of Philadelphia. DRPA bridge operations and PATCO operations will have staff working in case of any incidents occur during the time leading up to, including and after the Papal visit.

If, in the event a large scale emergency happens to occur, DRPA bridge operations and PATCO operations may not have the necessary equipment or staff to be able to perform the required repairs in a timely, effective and efficient manner.

A separate sole source procurement contract is being recommended with AP Construction to ensure that, if an emergency occurs, the required repairs are made in a timely, effective and efficient manner. AP Construction has the necessary expertise to perform rehabilitation work. Their personnel and equipment are can be mobilized very quickly and are available to do the work. AP Construction possesses the necessary resources including both general construction equipment as well as marine equipment to make any necessary repairs required to ensure the safety of the public is not jeopardized.
A significant amount of time will be saved by eliminating the steps required to acquire approval and to execute an emergency authorization contract.
