SUMMARY STATEMENT

ITEM NO.: DRPA-16-040
SUBJECT: Upgrade DRPA Core Network Environment

COMMITTEE:
Finance

COMMITTEE MEETING DATE:
March 9, 2016

BOARD ACTION DATE:
March 16, 2016

PROPOSAL: That the Board authorizes staff to negotiate a contract with ePlus Technology, Inc., for an amount not to exceed $767,975.70 for the procurement of hardware and software upgrades to the Authority’s network infrastructure. This purchase is provided with pricing under the State of New Jersey WSCA Contract #M7000-A87720.

PURPOSE: To provide the Authority with the necessary upgrades in support of the Authority’s network infrastructure.

BACKGROUND: In 2003, the Authority entered into a contract to completely upgrade the Authority’s network infrastructure, including the wide area network, local area networks at each facility and the telephone system. That contract provided the Authority with industry leader Cisco Systems switches, routers and voice systems.

At this time, some of the equipment has outlived its useful life and it is now necessary to refresh some of that equipment. In addition, with the impending implementation of the DRPA’s new wide area network we will be in a position to provide much improved services of the Authority’s applications including camera video, file services, voice services, etc. We will also be improving the Authority’s security infrastructure. Because of the obvious criticality in maintaining a working and viable network and to continue receiving support the Authority must proceed with this necessary upgrade. The upgrade will supply the Authority with the latest hardware and software components and more importantly will extend our support with Cisco.

Staff recommends that the contract be awarded to ePlus Technology, Inc. who have supplied pricing under the State of New Jersey WSCA Contract #M7000-A87720.
Staff therefore recommends, negotiating a contract with ePlus Technology, Inc. for an amount not to exceed $767,975.70 for the procurement of hardware and software upgrades to the Authority’s network switches.
