PROPOSAL: That the Board authorizes staff to negotiate a contract with Riggins Inc., Vineland, NJ for the purchase of unleaded gasoline, low-sulfur automotive diesel fuel, diesel 2% bio fuel and low-sulfur heating fuel oil.

PURPOSE: To purchase fuel for all Delaware River Port Authority and PATCO vehicles including maintenance, snow removal, public safety and staff operation vehicles and low-sulfur heating fuel oil for PATCO Administration Buildings.

BACKGROUND: Pricing for supplying the following fuel for all DRPA and PATCO fleet activities were based on the following requirements:

- a. Approximately 190,000 gallons of unleaded gasoline for DRPA.
- b. Approximately 60,000 gallons of unleaded gasoline for PATCO.
- c. Approximately 19,335 gallons of low-sulfur automotive diesel fuel for DRPA facility locations in New Jersey.
- d. Approximately 14,000 gallons of diesel 2% bio fuel for the Walt Whitman Bridge location in Pennsylvania.
- e. Approximately 18,000 gallons of low-sulfur automotive diesel fuel for PATCO.

Contract pricing is based on "Reseller Tank Car Price" for each commodity, calculated by the gallon, as posted in the Journal of Commerce on April 14, 2017. On that date, regular unleaded gasoline was reported as \$1.6008 per gallon, low-sulfur diesel was \$1.6573 per gallon, diesel 2% bio fuel was \$1.6570 per gallon and low-sulfur heating oil was \$1.6025 per gallon. We are asking for a not to exceed contract amount of \$700,000.00.

The reported price will fluctuate during the contract period depending on market conditions. However, the differential cost will remain firm for the length of the contract. The original fuel bid was publicly advertised and bid documents were available beginning April 14, 2017. Bids were publicly opened on May 24, 2017. Eleven (11) vendors were solicited and three (3) bids and One (1) No Bid were received.
