**ITEM NO.:** DRPA-17-088

**SUBJECT:** Sewer Service Agreement  
between CCMUA and the DRPA

**COMMITTEE:**

Operations & Maintenance

**COMMITTEE MEETING DATE:**

October 5, 2017

**BOARD ACTION DATE:**

October 18, 2017

**PROPOSAL:** That the Board authorize staff to enter into an Agreement with the Camden County Municipal Utilities Authority (“CCMUA”) to permit the Authority to connect PATCO’s Woodcrest Station to the CCMUA’s regional sewer system.

**PURPOSE:** To provide a sewer connection from Woodcrest Station to CCMUA’s regional sewer system.

**BACKGROUND** Currently, Woodcrest Station utilizes a wastewater holding tank for its sanitary needs. The tank requires monthly removal via a third-party contractor. Replacing the tank with a sewer connection to the CCMUA interceptor will result in cost savings, environmental improvements, and regulatory certainty. In addition, the sewer connection will accommodate any future increase in wastewater flows from Woodcrest Station resulting from the planned relocation of the Customer Service/Freedom Center and other future improvements

There will be a one-time connection fee to CCMUA of \$5,870. Thereafter, there will be an annual connection fee, estimated to be \$300.

Support services that will be required of PATCO Operations will include maintaining the check-valves and sanitary grinder pumps. The sanitary pumps are equipped with sensors to notify personnel if there are any maintenance issues.
