PURPOSE: To allow DRPA and PATCO to have the necessary supply of rock salt to clear the bridges, highways and parking lots during the winter season.

BACKGROUND: The DRPA utilizes rock salt during the winter months at the Betsy Ross, Walt Whitman and Ben Franklin Bridges and PATCO Facilities. The rock salt is used for the bridge roadways in addition to the highways, ramps, PATCO parking lots and access roads that are part of its operation.

The DRPA Purchasing Department will be utilizing New Jersey State Contract Number T-0213 for the purchase of rock salt for PATCO and the Walt Whitman, Ben Franklin, and Betsy Ross Bridges with Morton Salt, Inc. DRPA and PATCO have traditionally utilized state contracts to take advantage of bulk pricing with the cooperative purchasing requirement of other state authorities, including NJDOT, Port Authority of New York and New Jersey, South Jersey Transportation Authority and the New Jersey Turnpike Authority.
