10 MR. SANTARELLI: You have a quorum. We will
11 keep the roll open for any Commissioners joining us
12 during the meeting and add them to the official
13 attendance.

14 CHAIRMAN BOYER: Thank you. The first item on
15 the agenda is Public Comment. Are there any public
16 comments?

17 Report of the Chief Executive Officer, John
18 Hanson.

19 MR. HANSON: Thank you, Chairman. My written
20 report stands as submitted. I'd like to highlight a
21 few items.

22 First, I would like to present the Condolence

1 Resolution for Telete Garrison. Her son, Frank
2 Perkins, and his wife, Cynthia, are here to accept.

3 The Resolution reads: "Whereas Telete M.
4 Garrison, a resident of Philadelphia, Pennsylvania,
5 having served a 21-year commitment to the Delaware
6 River Port Authority faithfully and with distinction,
7 sadly departed this life on Monday, September 12,
8 2016. And, whereas, Telete was an Administrative
9 Coordinator at the Authority and in this position she
10 served an invaluable role and was, in many ways, the
11 heart and soul of her department, always willing to
12 share her institutional memory and words of
13 encouragement and support.

14 "Whereas Telete M. Garrison was poised,
15 professional, and a great source of strength and
16 support to her co-workers, and whereas Telete and her
17 first husband, Frank Perkins Jr., had one son, Frank
18 Perkins III. Her son gave her two grandchildren,
19 Layla and Nylah, whom she loved immeasurably and who
20 will cherish her memory. While at the Port Authority,
21 Telete met her second husband, Melvin F. Garrison Sr.,
22 and they were happily married until his death in 2007.

1 "Be it resolved that the Board of
2 Commissioners of the Delaware River Port Authority, on
3 behalf of the staff and the leadership of the
4 Authority, does herewith express its deepest regards
5 at the passing of this devoted public servant and
6 steward. And be it further resolved that as a token
7 of our respect, admiration, and sympathy, a copy of
8 this Resolution will be sent to her family."

9 "The Board of the Delaware River Port
10 Authority do also send their most sincere and
11 heartfelt thoughts of compassion."

12 I'm going to ask that Mr. Perkins and
13 Mrs. Perkins come forward for a picture and to present
14 the Resolution.

15 (Pause.)

16 MR. HANSON: I'd also like to take this
17 opportunity to introduce the newest member of the
18 Executive Staff, Robert Hicks, our new Chief Operating
19 Officer. He is here with us today.

20 (Applause.)

21 MR. HANSON: We're very excited to have him on
22 board. He's hit the ground running and already making

1 a contribution to the Authority.

2 Stewardship: The following are recent
3 examples of exemplary stewardship demonstrated by our
4 DRPA and PATCO employees. As always, I am extremely
5 proud of their efforts.

6 First, the Administration Division, under the
7 leadership of Toni Brown, has created its first Golden
8 Stewie Award. It's a pilot program that will be
9 rolled out to the entire Authority. I'm going to ask
10 Toni to tell us a little bit about that.

11 MS. BROWN: Good morning, Commissioners. In
12 an effort to reinforce the importance of the
13 Authority's mission and vision, and also particularly
14 the importance of being world class stewards, recently
15 the Administration Division rolled out a new employee
16 recognition program called the Golden Stewie Award
17 Program.

18 The award recognizes employees in the
19 Administration Division who demonstrate commitment to
20 the Authority's mission, vision, and shared values;
21 who exemplify world class service through their work;
22 who exhibit a positive, supportive, and collaborative

1 attitude; and, who strive daily to build trust and
2 credibility. Candidates for this special award are
3 nominated by division colleagues and the process
4 begins with a very detailed nomination form. The
5 successful award recipients hold this recognition for
6 three months.

7 We anticipated that we were only going to name
8 one employee, but when the nominations came in, it was
9 clear to us that we needed to recognize two very
10 deserving recipients. They are here with us today.

11 On July 7th, we named Fritz Sims, the
12 Supervisor of the Printing Services Department, and
13 Mike DiGiamberardino, the Senior Reproduction
14 Technician, to this high honor. Their work is
15 exemplary in the Printing Services Department. They
16 always perform at the highest quality levels, and they
17 always meet customer service demands just with
18 absolute expertise.

19 What we heard on the nomination forms was that
20 they are delivering top quality products. They do so
21 with grace and humility and pride in their work. They
22 do it in calmness and a composure that resonates, and

1 that assures us that every job is in their very
2 capable hands.

3 So, we are very pleased to have named them as
4 the co-Stewie Award recipients. They are both with us
5 here today; Fritz and Mike.

6 (Applause.)

7 MR. HANSON: We congratulate Fritz and Mike on
8 being selected the co-recipients of this very special
9 award. They embody all the attributes of a world
10 class steward. Congratulations, and we ask you to
11 come forward for a photo.

12 (Pause.)

13 COMMISSIONER DOUGHERTY: Mr. Chairman, just to
14 follow up about Mike and Fritz. I didn't know them
15 from Adam, but I have seen them in the building. I
16 didn't have a key to get on the elevator and this
17 morning, myself, our counsel, Tara and the nice
18 representative from New Jersey were all getting on the
19 elevator together and they just happened to have the
20 key. On top of that, they went on to say that
21 Thanksgiving was their favorite holiday and where were
22 we going to be Wednesday, and did we want to come get

1 a drink? With that whole atmosphere around Mike and
2 Fritz is pretty obvious why they received the award;
3 if you can mix being effective by day and the
4 personality and make people feel good about the
5 building, it is good.

6 CHAIRMAN BOYER: Congratulations.

7 MR. HANSON: You may recall last year that the
8 Delaware River Port Authority and PATCO won the
9 prestigious Women in Transportation Diversity Award.
10 This year we have more good news from the Women in
11 Transportation Society. I am pleased to announce that
12 our Chief Engineer, Michael Venuto, has been chosen as
13 the recipient of the 2016 Women in Transportation's
14 Man of the Year.

15 The Secretary Ray LaHood Award honors a man
16 who is a leader in transportation and has contributed
17 directly and by example to the advancement of women
18 and minorities in the transportation industry.
19 Congratulations, Mike.

20 A grateful PATCO customer wrote in to commend
21 Station Supervisor Lisa Stratton and the FREEDOM Card
22 Service Center. "A shout-out to the excellent,

1 exceptional customer service at Woodcrest Station. My
2 PATCO card wasn't working. Your representative
3 stopped me from buying a new card and tried my card at
4 all the gates. It still didn't work. She walked over
5 to the FREEDOM Service Center, where that employee
6 replaced it with a new card. Stellar customer
7 service."

8 E-ZPass Theft Recovery: Over the past year,
9 Officer Daniel Mackley has been cracking down on
10 E-ZPass violators at the Commodore Barry Bridge. I am
11 pleased to report that, to date, Officer Mackley has
12 recovered \$67,812.95 from toll evaders. Along with
13 these continued efforts, DRPA's Police Department is
14 committed to creating initiatives and working with the
15 Revenue and Legal Departments and aggressively
16 pursuing --

17 CHAIRMAN BOYER: Which bridge is that again?

18 MR. HANSON: Commodore Barry.

19 CHAIRMAN BOYER: We need to get him to train
20 people at the other bridges. That's a lot of money.

21 MR. HANSON: I'd like to commend Officer
22 Mackley and the leadership of our Police Department

1 for their commitment to recovering DRPA funds.

2 Strategic Planning: As you're aware, we
3 recently initiated a new strategic planning process at
4 DRPA and PATCO to help clarify our future direction,
5 define priorities, and to help build an even greater
6 capacity to carry out our mission and help us realize
7 our vision to be highly regarded as a world-class
8 stewardship organization.

9 We are working to establish open dialogue,
10 build community, and improve and enhance the services
11 we deliver to our customers, our employees, and the
12 community. During the initial phase of the process,
13 the members of the Board of Commissioners and
14 management participated in planning sessions to
15 determine the key strategic objectives and goals for
16 the next five years.

17 As part of our commitment to ensure that the
18 planning process reflects public participation and
19 input, we conducted a series of public focus groups as
20 well as an online public opinion survey designed to
21 solicit input from customers, stakeholders, and the
22 general public. The input received from the planning

1 sessions and public outreach will form the basis of
2 the written strategic plan which will be completed by
3 early next year.

4 And, Chairman Boyer, that completes my oral
5 comments to the written CEO Report. Thank you.

6 CHAIRMAN BOYER: Does anyone have any
7 questions on the CEO Report? There being none, I'll
8 entertain a motion to accept the CEO Report.

9 COMMISSIONER FRATTALI: So moved.

10 COMMISSIONER DiANTONIO: Second.

11 CHAIRMAN BOYER: All in favor?

12 ALL: Aye.

13 CHAIRMAN BOYER: All opposed? Ayes carry.

14 Report of the Chief Financial Officer, Jim
15 White.

16 MR. WHITE: Good morning, Mr. Chair,
17 Mr. Vice Chair, and Commissioners. My report
18 basically stands as submitted, so my remarks will be
19 pretty brief.

20 We did get some September numbers. Through
21 the numbers that are shown on our financial stat
22 sheet, you can see that we're having a banner year;

1 whether you're talking about PATCO ridership revenues,
2 DRPA bridges, and traffic and revenues, even in terms
3 of where we are budget versus actual, in terms of
4 expenses and growth, in our resources to fund the
5 Capital Program.

6 For September, our numbers were just released
7 yesterday. They again show that September numbers are
8 pushing up our totals. Our year-to-date revenue
9 versus last year is up \$2.4 million; and versus budget
10 we have some positives there, too. So, again, we have
11 a great record going on from the financial side.

12 This dovetails into one of the Resolutions
13 that you will hopefully approve today, which is the
14 5.09 Certification for Net Revenue Requirement.
15 Without going into the details, the DRPA surpasses
16 that requirement to take care of our debt service in
17 any subsidy payments by over \$80 million. That's a
18 huge number. It's a number that we have to report to
19 our bond trustee. And it's a number that our rating
20 agencies and others look at. So, that's a great
21 record for us this year. We will have another
22 certification in December related to our coverage for

1 the Year 2017, once all the budgets are completed.

2 One other thing I wanted to note is in your
3 packet, and we have also distributed copies of the
4 2017 Capital Budget. Mike Venuto and his team have
5 done a wonderful job, assisted by Finance, Operations,
6 the bridges, PATCO, etc., in pulling together an
7 affordable 2017 Capital Budget. I can assure you that
8 we believe we can fund this easily into the Year 2020
9 based on the resources we have from existing bond
10 proceeds and also the Pay-Go Capital Fund that we are
11 accumulating funds in. I just wanted to report that
12 even before you, hopefully. vote to approve that.

13 Mike, anything you want to say about the
14 Capital Program?

15 MR. VENUTO: We both presented it to the
16 Operations and Maintenance Committee and to the
17 Finance Committees over the past few weeks. The
18 budget itself is net of all our federal funds, so
19 we're looking at a 2017 budget of approximately
20 \$158 million and a five-year plan of approximately
21 \$754 million, again net of federal funds. The plan
22 itself includes about \$127 million of federal funding.

1 We started the process in July. It was a
2 great collaborative effort, as Jim said, with every
3 division of the organization. We use it to evaluate
4 projects, prioritize projects based on taking into
5 account the overall capacity of the organization,
6 balancing the requirements of lane closures, PATCO
7 track outages, etc. Projects are further vetted
8 during budget hearings throughout the process in order
9 to get to what you see in front of you today.

10 So, as our facilities are aging, we stay
11 proactive and have an aggressive program to keep the
12 bridges in a state of good repair.

13 MR. WHITE: Thank you, Mike. Again, if you
14 look where we compare our 2017 total budget, the five
15 year plan versus last year, it's roughly in the same
16 area. The 2016 Five Year Plan was \$728 million. The
17 2017 Plan in total is \$755 million, net of federal
18 funding. So, again, Mike has done a great job, along
19 with his team and the organization as a whole, to
20 produce an affordable plan which hopefully will be
21 approved today. That concludes my remarks.

22 MR. HANSON: And, Jim, I just want to

1 congratulate you, Mike, and your teams on the work and
2 to underscore something that you said, which is that
3 the Capital Program is easily funded through 2020.
4 Funding the Capital Program is what dictates toll
5 increases. So, as we've been saying all along, we
6 won't need to consider toll or fare increases until at
7 least 2020.

8 CHAIRMAN BOYER: Thank you, John. Any
9 comments on the CFO's report? Commissioner Dougherty?

10 COMMISSIONER DOUGHERTY: I was going to wait
11 till later in the meeting, but I think this might be
12 the perfect time. I just sat here real quick, and I
13 don't want to bore anybody by running salt throughout
14 the fire. I've been here a pretty long time and some
15 of the things I was interested to vote on, I actually
16 probably started the conversation on: doing away with
17 the acting titles; raises for all employees; freezing
18 tolls, which everybody is for; doing away with the
19 swaps; rebuilding the financing; marketing on PATCO;
20 subleasing this building; almost all the good
21 government resolutions., One of the things I've been
22 asking for is to prioritize Franklin Square.

1 I started the conversation here nine years ago
2 about prioritizing Franklin Square. I started that
3 conversation at the same time that I started the
4 conversation about funding East Market Street in
5 Philadelphia. I'm leaving here, and I want to put the
6 last piece of steel up on the first phase of a
7 \$1.5 billion job that's probably 35 to 40 percent
8 complete. And I started the conversation at the same
9 time.

10 So now the process I normally see when the
11 economy was difficult. But I also, being a labor
12 leader, was at the forefront of doing away with the
13 economic development grants because I always wanted to
14 prioritize, okay, our economy here.

15 CHAIRMAN BOYER: The core mission.

16 COMMISSIONER DOUGHERTY: Okay. So that we
17 could do things that needed to be done. So I notice
18 it's PD-1502 in the budget. I just want somebody
19 to -- we've got a whole lot new faces. We've got a
20 tremendous amount of new, effective board members who
21 really don't need a history lesson, but I'm just
22 telling you that for 9 to 12 years I've been sitting

1 here, and this is one of the things that I believe
2 opens up not only Franklin Square, but you have
3 beautiful restaurants at Collingswood and places like
4 that that takes people back in New Jersey if we do
5 this right.

6 So I would like in this budget to find a way
7 that we can prioritize, not just project it, but
8 prioritize it. And by the way, if you get a chance,
9 stop over at Franklin Square. We wired it up for
10 free. It's beautiful. It's a light show. You can
11 golf, and they've got a little candy store going on
12 down there, and a little ice cream parlor down there,
13 so it's a really nice place.

14 You know, I support these budgets all the
15 time. I don't want to hear every meeting, well, it's
16 \$9 million, it's up to \$6 million, it's up to \$18
17 million. By the time we get the total, you're up \$40
18 million. We have the money. We've made all the
19 difficult cuts. At least give us an opportunity to do
20 something on that side of the river.

21 CHAIRMAN BOYER: I couldn't agree more.
22 Franklin Square is not only a priority for

1 Commissioner Dougherty, it's a priority for Governor
2 Wolf and for this Chairman. So, we will prioritize
3 Franklin Square. We believe that is a gateway to open
4 up commerce on the Pennsylvania side of the bridge,
5 and that's very important. Thank you.

6 COMMISSIONER DOUGHERTY: Thank you.

7 VICE CHAIRMAN NASH: Chairman, this is Jeff
8 Nash. I think the New Jersey Commissioners feel the
9 same way about Franklin Square. We think it would be
10 a great addition to the PATCO line.

11 CHAIRMAN BOYER: Thank you. Approval of the
12 October 19, 2016 DRPA Board Minutes. The minutes of
13 the October 19, 2016 Board minutes were previously
14 provided to all Commissioners and both Governors'
15 offices. Are there any corrections? I'll accept a
16 motion to approve the minutes.

17 COMMISSIONER FENTRESS: Move the motion.

18 COMMISSIONER FRATTALI: Second.

19 CHAIRMAN BOYER: All in favor?

20 ALL: Aye.

21 CHAIRMAN BOYER: All opposed? Ayes carry.

22 Monthly List of Previously Approved Payments

1 Covering the Month of October 2016 and the Monthly
2 List of Previously Approved Purchase Orders and
3 Contracts Covering the Month of October 2016. I'll
4 accept a motion to receive and file the list of
5 previously approved payments covering the month of
6 October 2016 and the list of previously approved
7 purchase orders covering the month of October 2016.

8 COMMISSIONER DiANTONIO: So moved.

9 COMMISSIONER MOSKOWITZ: Second.

10 CHAIRMAN BOYER: All in favor?

11 ALL: Aye.

12 CHAIRMAN BOYER: All opposed? Ayes carry.

14 Meeting Minutes of November 1, 2016. The Operations &
15 Maintenance Committee Meeting Minutes of November 1,
16 2016 were previously provided to all Commissioners.
17 Are there any corrections? May I have a motion to
18 accept the Operations & Maintenance Committee Minutes
19 of November 1, 2016?

20 COMMISSIONER FENTRESS: Move the motion.

21 CHAIRMAN BOYER: Can I get a second?

22 COMMISSIONER DiANTONIO: Second.

1 CHAIRMAN BOYER: All in favor?

2 ALL: Aye.

3 CHAIRMAN BOYER: All opposed? Ayes have it.

4 Adoption of Resolutions Approved by the
5 Operations & Maintenance Committee on November 1,
6 2016. There are three items from the Operations &
7 Maintenance Committee for consideration. They are as
8 follows:

9 DRPA-16-118 regarding Contract No.
10 PATCO-56-2016, PATCO Birch Street Substation Ceiling
11 and Wall Repairs.

12 DRPA-16-119 regarding Extension of Consent to
13 Access Agreement to the Environmental Protection
14 Agency - Welsbach Superfund Site.

15 DRPA-16-121 regarding Food Service Contract
16 for One Port Center.

17 I'll accept a motion to adopt all three.

18 COMMISSIONER FENTRESS: Move the motion.

19 COMMISSIONER FRATTALI: Second.

20 CHAIRMAN BOYER: All in favor?

21 ALL: Aye.

22 CHAIRMAN BOYER: All opposed? Ayes carry.

1 Approval of Finance Committee Meeting Minutes
2 of November 2, 2016. The Finance Committee Minutes of
3 November 2, 2016 were previously provided to all
4 Commissioners. Are there any corrections? May I have
5 a motion to accept the Finance Committee Minutes of
