

Delaware River Port Authority
Citizens Advisory Committee Minutes

February 22, 2012

Adoption of Minutes of January 25, 2012

Approved unanimously.

SubCommittee Reports

Personnel – Mike Rohester wants to meet with PATCO representatives and Union president prior to July contract negotiations.

Communications – wants to make Board minutes into searchable PDF forms. Two months of Board meeting are still missing. Every piece of public information is only in English, except for some items available in Spanish.

Transit Subcommittee – Jon is setting up a meeting with John Rink for March 16, 2012.

Capital Programming – Contracts have been put out to bid to design and build the bicycle ramp. The city of Camden has received funds to do bicycle improvements to complement the bridge ramp. Several businesses supported this ramp. John gives credit to Jeffrey Nash for making it possible.

The Finance subcommittee – reviewed Mr. Hanson's answers to their questions. Subcommittee is not satisfied with the response. Too many questions refer to previous reports.

BY Law Changes

Mr. Leonard suggested we create a handbook for subcommittees for new members.

New Business

Ryan Linhart has submitted his resignation.

Thomas Rafferty III is the new Inspector General. Timothy Ireland will replace Ed Kasuba

Attendance
